

2014 MODEL FACT SHEET

the
Luxury Spa
Line

Polo • Adelphi • Putnam • Canfield • Lincoln • Empire • Broadway

The 2014 Luxury Spa Line provides the Saratoga Dealer the most potential in making higher gross dollars based on the products built-in multiple value features. For 2014 we have added to those features by making Splash Lighting standard on the Luxury Spa Line. We are also reintroducing the Polo back into the Luxury Spa Line. Also, in an effort to maintain the Luxury Spa Line performance we have increased the pump size on the Polo, Adelphi and Putnam. We have also simplified the product line by discontinuing the ES version.

- Pumps** Pumps are being reviewed on each model to provide optimum performance that matches jet count. The Pump GPM for 2014 is: **Polo & Adelphi 1@240 / Putnam 2@195 each / Canfield 2@240 each / Lincoln and Empire 1@240 & 2@195 / Broadway 2@240 & 1@175**
Tech Bulletin will follow regarding further updates.
