Saratoga Spa Company — 2026 Pricing Update

Valued Saratoga Spa Dealer,

Since our last price adjustment in January 2024, Saratoga Spa has continued to enhance our product line, including upgraded Balboa pack and top-side technology and a redesigned cabinet from Highwood.

We've been proud to hold pricing steady since February 2024 while enhancing product quality, showroom appeal, and long-term reliability. However, rising supplier costs require us to implement a 2026 pricing update across the Saratoga Spa line-up. We know that any price change can create challenges, and we truly appreciate your understanding as the industry continues to find its footing after the 2020–2023 period. We're confident the Saratoga Spa product line improvements will continue to deliver strong value for you and your customers.

Updated pricing will be provided ahead of the effective date of March 31st, 2026. This will allow you the opportunity to submit stocking and sales orders at 2024 pricing.

Thank you for your continued partnership and commitment to Saratoga Spa.

Jay Ahl
Director of Sales and Marketing
Saratoga Spa Company
